

## PROMOTING WASH INCLUSIVITY

ACIOE Foundation understands the importance of inclusive WASH initiatives. ACIOE facilitated the collaboration between Procter and Gamble, and the Voice of Disability Initiative (VDI) in reaching out to the Abuja School for the Deaf, Kuje. This collaboration empowered over 100 students by educating them on WASH practices and improving accessibility for persons with disabilities (PWDs).

## GLOBAL HANDWASHING DAY ADVOCACY

In 2023, the ACIOE Foundation, alongside the Federal Ministry of Environment, celebrated Global Handwashing Day with the theme "Clean Hands Are Within Reach." The initiative involved a quiz competition among schools in the Federal Capital Territory (FCT), culminating in a prize-giving ceremony and WASH awareness outreach at the Federal Government Boy's College, Wuye. ACIOE Foundation, representing P&G, played a crucial role by:

- Raising awareness about WASH hygiene
- Demonstrating best WASH practices for PWDs
- Highlighting the importance of proper water hygiene
